

Dear Friend,

The St. Anthony of Padua Council #16134 of the Knights of Columbus will be hosting our first annual golf outing on Wednesday, September 14th, 2016 with a portion of all proceeds going to St. Jude Children's Research Hospital.

The St. Anthony of Padua Council #16134 of the Knights of Columbus is dedicated and committed in working towards and achieving our core principles of Charity, Unity, Fraternity and Patriotism. This event helps us in upholding and honoring these commitments.

We would greatly appreciate all you can do to help and support our core principals through this great cause. You may consider:

- ❖ Sponsoring a hole for as little as \$150 (other sponsorship packages available).
- ❖ Sign up to play in the golf outing.
- ❖ Donating any item(s) that could be used for raffles and/or prizes. Item(s) may include product(s), gift cards or certificates, special discounts, etc.
- ❖ Or you may even consider something not listed above that can help support this cause.

Attached, find a registration form and a sponsorship application which addresses the golf outing benefits and the sponsorship options.

We welcome any help and support you can provide.

On behalf of our Council, thank you for your time and consideration.

Angelo Chiapperino
Golf Comm. Coord.

How Special Events for St. Jude Helps

Treatments invented at St. Jude Children's Research Hospital have helped push the overall childhood cancer survival rate from 20 percent to more than 80 percent since it opened 50 years ago. St. Jude won't stop until no child dies from cancer. Participation in the *Special Events for St. Jude* program helps raise funds to support St. Jude, in treating the world's sickest children battling cancer and other deadly diseases.

St. Jude patients Hannah and Yamila

Quick Facts about St. Jude

- Families never receive a bill from St. Jude for treatment, travel, housing, or food – because all a family should worry about is helping their child live.
- Because the majority of St. Jude funding comes from individual contributors, St. Jude has the freedom to focus on what matters most – saving kids regardless of their financial situation.
- St. Jude freely shares the breakthroughs it makes, and every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children.
- St. Jude has increased the survival rates for acute lymphoblastic leukemia (ALL) from 4 percent before opening in 1962 to 94 percent today.
- Visit stjude.org to learn more.
